Porcini Serves Italian in Model Block...

The newest business to locate in Crescent Hill's model block area is Porcini, a restaurant located at 2730 Frankfort Avenue. The restaurant, which was still being completed as the newsletter went to press, was expected to open early in February. It will serve Northern Italian fare, and offer full bar service. The hours are 5-11 Monday through Thursday, 5-12 on Friday and Saturday and 5-10 on Sunday.

Porcini, which will seat about 110, features a fountain at the front entrance. The interior was rebuilt after owner Tim Coury gutted the property, which formerly housed Bass Glass Designs. That business moved one door to the west, into space formerly occupied by an auction operation.

The Model Block is now home to three restaurants: Gipper's at 2636 Frankfort Avenue, which has already expanded, Queen of Tarts at 2702 Frankfort Avenue, and Porcini.

...Indi's Offers Fast Food in Clifton

Just outside the Crescent Hill area, Indi's is offering a full line of fast foods. The restaurant is located at 2309 Frankfort Avenue in a long-vacant Kentucky Fried Chicken store. It sells hickory smoked bar-b-q, "spicy hot" or regular chicken, fish and a wide variety of side dishes, all at moderate prices. Eat in or carry out service is available.

Indi's is open from 11:00 a.m. to 10:00 p.m. Sunday-Thursday and 11 a.m. to midnight Friday and Saturday.

Paintings By Crescent Hill Doctor on Display

Paintings by Crescent Hill physician Rex Lagerstrom are featured at B. Deemer Gallery & Framing through February 14. Dr. Lagerstrom, who practices at 2908 Brownsboro Road, sees interesting elements in the buildings of Downtown and Crescent Hill. He says his paintings of the buildings "are not meant to look like photographs... they are broad strokes of color painted by the movement of light."

B. Deemer Gallery & Framing is located at 2650 Frankfort Avenue. The Lagerstrom exhibit, called "Urban landscape," may be seen during B. Deemer's regular hours, Monday through Friday 10-5:30 and Saturday 10-3.
